RE: Legislative Changes Impacting Services/Supports –  
**Alternative Senior Program Component**

Vendors of the above-referenced services will likely be affected by Trailer Bill Language (TBL) ABX4 9, Chapter 9, Statutes of 2009, that was enacted July 28, 2009 and effective immediately.

Please refer to TBL Section 21, Welfare and Institutions Code Section 4588.1 which was added to require effective July 1, 2009, vendors of the above referenced services to offer an alternative senior program component focused on the needs of individuals with developmental disabilities who are over 50 years of age, at a rate not to exceed the lesser of thirty-five dollars (\$35) per day or the vendor's existing daily rate. This component shall be: provided at a ratio of no more than eight consumers to one staff member; offered within the provider's existing vendored capacity as reflected in its program design or licensed capacity; and, offered to eligible consumers who want to transition to a program component focused on the needs and interests of seniors.

Eastern Los Angeles Regional Center (ELARC) has reviewed this trailer bill language and believes that in relation to the above noted categories vendors assigned the following service codes by ELARC may be impacted by this change: Behavior Management (515); Activity Center(505); Adult Development Center (510); Social Recreation Program (525); Socialization Training Program (028); Community Integration (055); Community Activities Support Program (063); Creative Arts Program (094) and Work Activity Program (954). The regional center will be reviewing cases to determine if individuals are interested in this component and ascertain whether providers are offering services that meet the condition as described above. Providers identified non-compliant as a result will be issued CAPs (Corrective Action Plans).

Though service codes were created to categorize the types of services that a regional center may purchase as precisely as possible, the precise nature of the service and how it is used varies from vendor to vendor and regional center to regional center. Consequently, determination of how a particular service is coded is made on a case-by-case basis to determine whether it meets the criteria of TBL. Though the regional center will make the determination, we encourage all vendors to become familiar with the trailer bill language by logging on to the DDS website at [www.dds.ca.gov](http://www.dds.ca.gov) for a summary of the budget reductions. Additionally, we urge you to log on to [www.leginfo.ca.gov](http://www.leginfo.ca.gov) for a complete review of the trailer bill language. Only by thoroughly understanding the changes in the law can you decide on a course of action to take.

In the next few weeks ELARC will communicate with the above referenced service providers about the implementation of this component. Please make sure we have the current contact information for your organization. Submit your current contact information (name, title, email address, fax line number) to the attention of Pearl Ramirez, Community Services Department. She can be reached at [pramirez@elarc.org](mailto:pramirez@elarc.org) or (626) 299-4793.

The regional center appreciates the services that you provide and the work that you do, and we hope that we will be able to continue to be partners in supporting people with developmental disabilities.

Finally, the regional center requests to be able to have a dialogue with you before you take any action to terminate services or to notify consumers that you intend to terminate services. Please contact Frances Jacobs, Manager of Community Services Department at (626) 299-4730 regarding this or if you have any questions or would like additional information.
