

Individualized Education Plan (IEP)

Presented By: CHLA Parent Navigators

You are welcome to join our virtual Individualized Education Plan (IEP) workshop. The IEP ensures that a child enrolled in a public school district who has a disability is receiving specialized instruction, related services, and the educational accommodations necessary for the child to be successful.

Learn more about the navigation process, the tools to collaborate with school staff, and how to address the basics of your child's right to special education services.
